Please bear with us. We are just now getting past the initial shock of the bad news. There is absolutely nothing set in concrete. Everything that is except "not this year" and the potential location area. We are starting from ground zero of "the plan". Plan "B" comments from the President:

This has been a difficult decision for your Officers of the Association. When we planned the Reunion in Kings Bay we never intended to change the dates to be apart of the WW2 Subvets Annual Reunion. It was just a really great opportunity to connect with this group so we changed our dates from early Spring to November. Of course we had no way of knowing the Pandemic would change everything. At the last Reunion in San Diego we voted Kings Bay but only a few votes less was New London/Groton. Instead of trying to reschedule our reunion again in Kings Bay the Officers have made a decision to hold our next reunion in New London/Groton Area. The dates are pending but will probably be early fall of 2022. Stay tuned for more information as it will be forth coming soon.
